

DURIT Professional WX-500, Primer

- Excellent adhesion to the substrate and intercoat adhesion
- Excellent permeation resistance
- Wide processing range
- High layer thicknesses are possible
- Low VOC content
- Wide range of colours
- Stoving temperatures according to the Professional X-series

Properties

Number of layers	2
Coating thickness	10 - 15 µm / 0.39 - 0.59 mils
Non-stick effect	★ ★ ★ ★ ★
Low friction properties	★ ★ ★ ★ ★
Corrosion resistance	★ ★ ★ ★ ★
Acid resistance	★ ★ ★ ★ ★
alkaline resistance	★ ★ ★ ★ ★
